Explanation

The bill results in a cost to the Department of Social Services (DSS) associated with increasing the minimum amount of assets a community spouse of an institutionalized Medicaid eligible individual can retain from \$27,480 to \$50,000.

Currently, a community spouse has access to half of the couple's liquid assets as determined by DSS, with a minimum of \$27,480. For example, if a couple's total counted assets equal \$50,000, the community spouse could keep \$50,000 under the bill instead of \$27,480 under current state law. The portion of a couple's assets used to cover the cost of their care prior to becoming Medicaid eligible is not known. However, by reducing the amount available to the institutional spouse, it is likely that they would achieve Medicaid eligibility sooner.

For context, if half of the estimated married, long-term care enrollees experienced two months of accelerated eligibility, it would result in a state cost of approximately \$4.3 million. The actual costs will depend on the disposition of couples' assets prior to Medicaid eligibility and the number of couples impacted.

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation.

OLR Bill Analysis SB 195

AN ACT INCREASING THE MINIMUM AMOUNT OF ASSETS THAT MAY BE RETAINED BY THE SPOUSE OF AN INSTITUTIONALIZED MEDICAID RECIPIENT.

SUMMARY

This bill requires the Department of Social Services (DSS) to increase the amount of allowable assets kept by the spouse of someone in a medical institution or nursing facility (e.g., a nursing home) who remains in the community. Under current state law, the spouse may keep the greater of (1) the federal minimum (\$27,480 in 2022) or (2) half the couple's combined assets, up to the federal maximum (\$137,400 in 2022). The bill raises the state minimum community spouse protected amount to \$50,000.

The bill also requires the DSS commissioner to report by July 1, 2023, to the Appropriations and Human Services committees on (1) how many community spouses were able to keep additional assets due to the raised minimum and (2) the cost to the state for raising the minimum.

The bill allows the DSS commissioner to adopt regulations to implement the bill's provisions.

EFFECTIVE DATE: Upon passage

BACKGROUND

Community Spouse Protected Amount

Federal Medicaid law allows the spouse of someone living in a nursing home to keep some of the couple's assets to ensure the spouse living in the community does not become impoverished. The amount retained by the non-institutionalized spouse is referred to as the community spouse protected amount. States establish community
